

第十三届中国铁合金国际会议

The 13th China Ferro-alloys International Conference

May 25-28, 2016, Embassador International Hotel, Xi'an, China

Dear All members and delegates,

The 13th China Ferro-alloys International Conference, co-hosted by China Chamber of Commerce of Metals Minerals & Chemicals Importers & Exporters (CCCMC) & Ferro-Alloys.com will be held on May 25th-28th, 2016 in Embassador International Hotel, Xi'an, China. China Ferro-Alloys International Conference has been developed as the key platform for learning about policy changes, trade matching, and market trends for the ferroalloys industry both in China and abroad. The main theme of the conference is "Information Exchange, Trade Matching, and Promotion" which will be carried out through keynote speeches, trade networking, exhibitions and planned visits.

China's economic growth was slowed down obviously and Gross Domestic Product (GDP) increased by 6.9% in 2015. Under the New Normal Economy, China's macro policies will have important impacts on all walks of life and will comprehensively drive reform in 2016. As one of the pillar industries, iron & steel business also enters the New Normal characterized by low price, slim profit, over capacity and weak demand. It's extremely urgent to break industrial contradiction, explore new development modes, adjust industrial structures and promote reform & innovation. As an important raw material, the development of the ferroalloy industry is shackled by macro economy and iron & steel business. Industrial development shows many signs of weakness, including overcapacity, weak demand, sliding export, low price, high cost and no profit. Under these

circumstances, the ferroalloy industry must adjust to adapt to a slowing economy and a transforming steel industry.

In the coming 13th China Ferro-Alloys International Conference, economic experts, government officials and industrial experts will be invited to lecture on macro economic policy, ferroalloy industry development and foreign trade.

Participants: We sincerely welcome the following enterprises to attend the conference – ferroalloys producers (also including Si and Mn metal), ferroalloys traders, ore producers and traders (Mn Cr Ni), steel mills, foundry plants, metallurgical equipment manufacturers, service enterprises, logistics enterprises, and institutions from all over the world.

Conference Details as Follows:

★Conference: The 13th China Ferro-alloys International Conference

★Date: May 25th- May 28th, 2016

★ Venue Embassador International Hotel, Xi'An, China

★ Hosts:

★Support

International FerroAlloys Industry Association

★Sponsors: welcome to sponsor the conference, mail to conference@ferro-alloys.com

★ Media Supporters: (Mail to <u>conference@ferro-alloys.com</u> to apply Media Supporter Seat)

★ Primary Schedule: (to be confirmed)

May 25th 10:00-22:00 Registration
13:00-17:00 Business networking 1-1 arranged.

May 26th Topic speech and discussion

China New Normal Economy and Future Macro Policies The Establishment of China FTA and Its Impact on Trade RMB Exchange Rate & RMB Internationalization and Their Impact on Trade Iron & Steel Industry Development in the New Normal Economy Ferroalloy Industry Development in the New Normal Economy Market Position of Chinese Ferroalloy Industry and Its Future 14:00-18:00 Section II. Topics on Mn Cr Ni Ores and Alloys Global Mn Ore Supply & Demand and Future Market Trend Market Analysis & Prediction of Global & Chinese Mn Alloy Industry Market Analysis and Prospect of Chinese Stainless Steel Industry Global Chrome Ore Market Analysis and Prospect Market Analysis and Prospect of Chinese Ferrochrome Industry Nickel Ore Supply of Indonesia & Philippines and Its Impact on Chinese Market Market Analysis of Chinese Nickel Pig Iron Industry and Its Production Technology Transformation 18:00-20:00 Banquet May 27 th Topic speech and discussion 08:30-12:30 Section III. Topics on Si, Noble Alloys, and Technology Market Analysis and Prospect of Chinese Ferrosilicon Industry Market Analysis of Chinese Special Steel Industry and Its Demand on Mo, W, &V Exhibition Energy Saving & Emission Reduction Technology Promoting Coordinated Development of						
The Establishment of China FTA and Its Impact on Trade RMB Exchange Rate & RMB Internationalization and Their Impact on Trade Iron & Steel Industry Development in the New Normal Economy Ferroalloy Industry Development in the New Normal Economy Market Position of Chinese Ferroalloy Industry and Its Future 14:00-18:00 Section II.
